and a Wi-Fi enabled Blu-ray player.

## Smurfy Seek and Find - Level 1

On the Blu-ray a scene from the movie will play and you are to touch these button/bubble whenever you see the hidden Smurfs or hear Smurfs words and names. The Blu-ray video will have audible dings and alarms to help alert children there is something to look for.

The character that appears on the Blu-ray clip will then appear in a bubble on the app. Tap the bubble and it explodes and a point is granted. When you get a point the number next to the toolbar goes up and the toolbar fills up one notch.

PROGRESS BAR SHOWS HOW MANY YOU'RE GETTING RIGHT.
